

DoDEA Auxiliary Courses Activities for Eligible Students

DoDEA Schools will provide homeschool DoDEA dependents with classes and/or special education services, consistent with existing regulations and policy. Examples of auxiliary courses and activities are: Spanish, P.E., Art, Core Classes, Various Sports, and Clubs.

More information regarding Policy, Eligibility, Auxiliary Service, Courses and/or SPED, Graduation and Commencement and Miscellaneous can be found at

<https://www.dodea.edu/parents/homeschooling.cfm>

Access to the school library is also permitted for students who are enrolled on a part-time/auxiliary basis.

Homeschool students may be eligible to take the SAT or ACT at Lakenheath High School (LHS). Please do not register for tests without prior contact with LHS. The ACT has transitioned to a computer-based format and special requirements must be met before homeschool students are able to sit for the ACT. Please contact LHS for specific instructions and details, +44 (0)1638 52 3115.

DoDEA's graduation requirements and policy can be found in the DoDEA Administrative instruction 2000.1, High School Graduation Requirements and Policy. Sections 13a and 13b provide guidance on commencement participation.

Host Nation REQUIREMENT

If your child is/was enrolled in a British School, the UK School System is REQUIRED to track students through their educational system through their homeschooling officer. If your child has ever attended or enrolled in UK Schools, please follow up with your school about your homeschooling plans. Contact your county Elective Home Education Offices for requirements and guidance at:

Homeschooling Information

Homeschooling can be a logical choice for families in the military, providing a stable environment in the midst of frequent change. While assigned in the United Kingdom, families fall under U.S. Federal regulations versus state & homeschoolers are not required to register with the base or a state. Although it is not required to register with the base or state, it is highly recommended to follow the guidance of your home-of-record or state you are PCSing out of. Also, it is advisable to follow an accredited homeschool program to ensure transferability and recognition of credits. More information and where to begin can be found below:

U.S. Department of State

www.state.gov/resources-office-of-overseas-schools/homeschooling-information/

Home School Legal Defense Association

<https://hslda.org>

Local Homeschool POCs

Many families connect through FACEBOOK at "Homeschooling Abroad" or "Tri-Base Secular Homeschooling". These are closed groups for anyone in the Tri-Base area that homeschools or may be interested in homeschooling. Both groups offer information about the local community.

Our office fully understands how overwhelming this process may seem; however, we pride ourselves on making your education transition the best it can be. We conduct our program brief at newcomers on both bases and it can be found on the AF Connect APP in the Newcomers Link. We recommend that you download the app to your phone and save the 48FW and 100ARW in the

Local Homeschool Groups

There are a few local groups for homeschoolers which are supported by our military community

Christian Homeschool

Proverbs 22.6 Co-op

RAFL / RAFM Library, Homeschool Use

The on-base libraries are a great resource for homeschool families. There may be a homeschool curriculum lending library or special programs, stop by the front desk to find out what resources are available.
